I'm gonna **wake** the fucking dead with these words,
It's about time someone stands up to speak their
minds,

won't keep my mouth shut any longer,
There's too many people speaking of nothing important,
Day in and day out reaching for those stars,
It's time to make something of ourselves,

It's time to grow up and become someone today,
I want to change the world with my words,

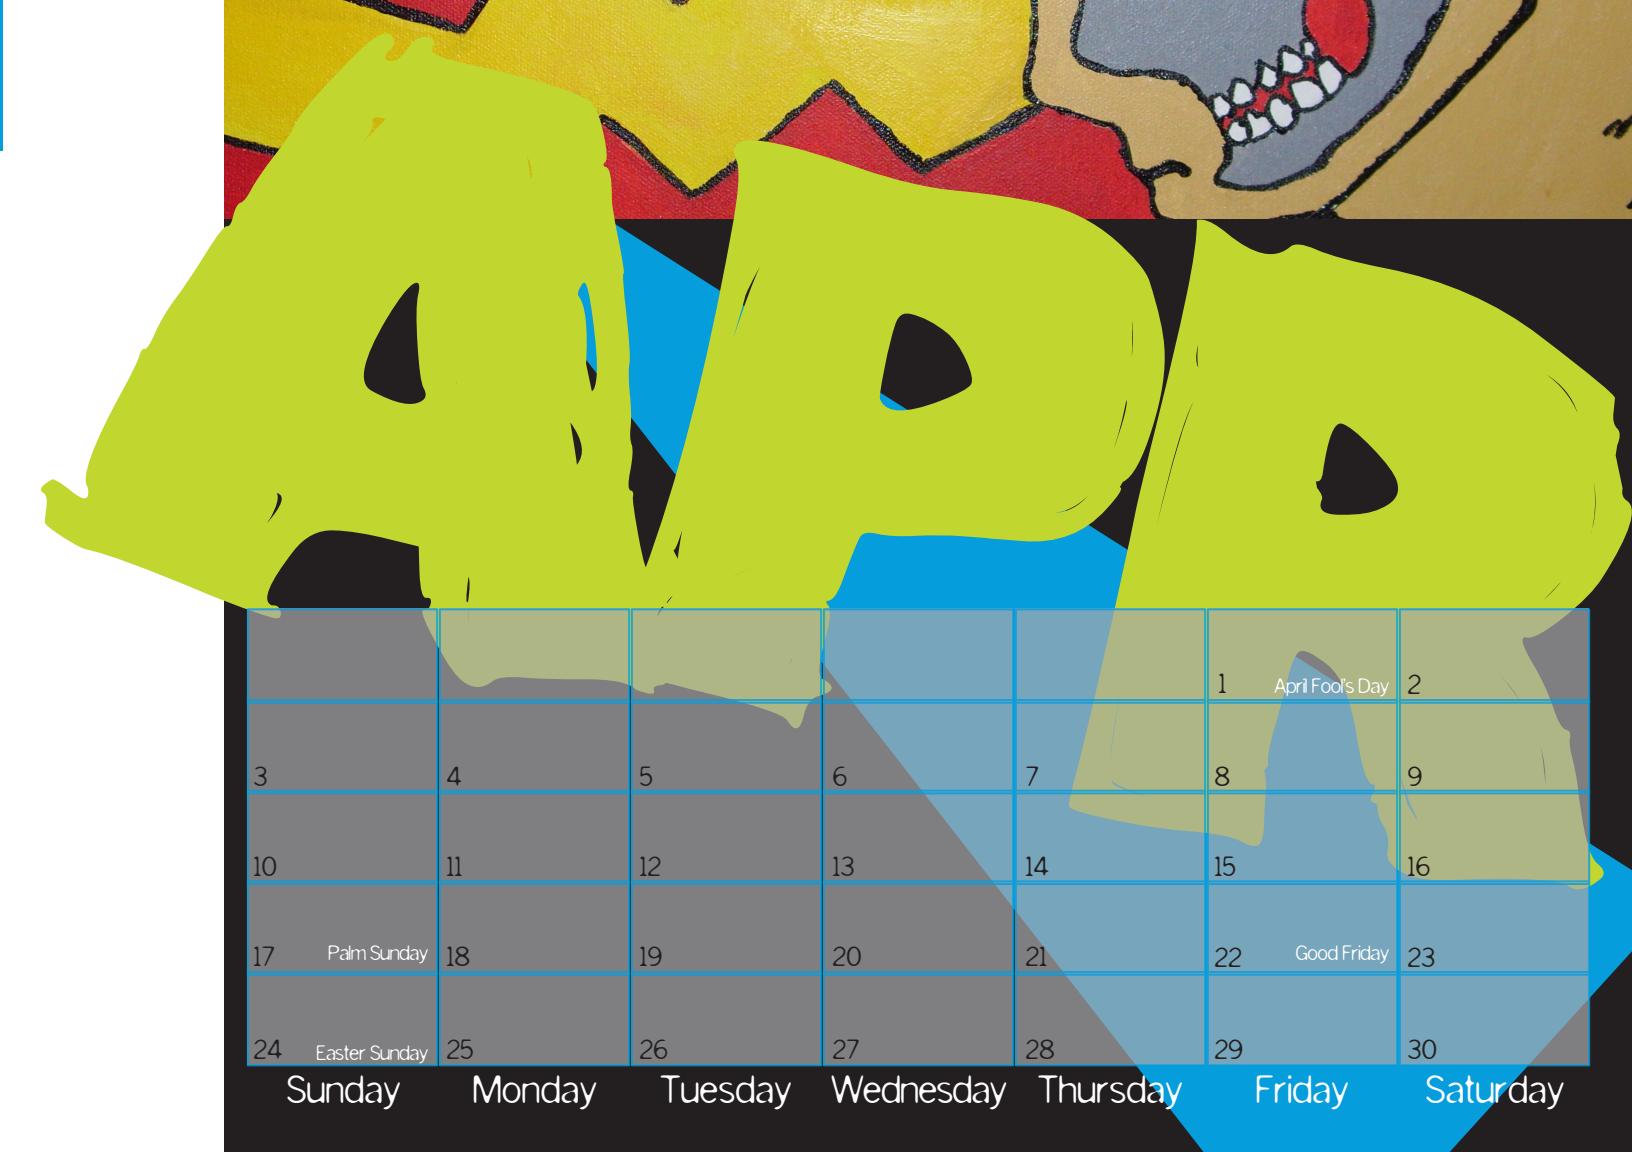

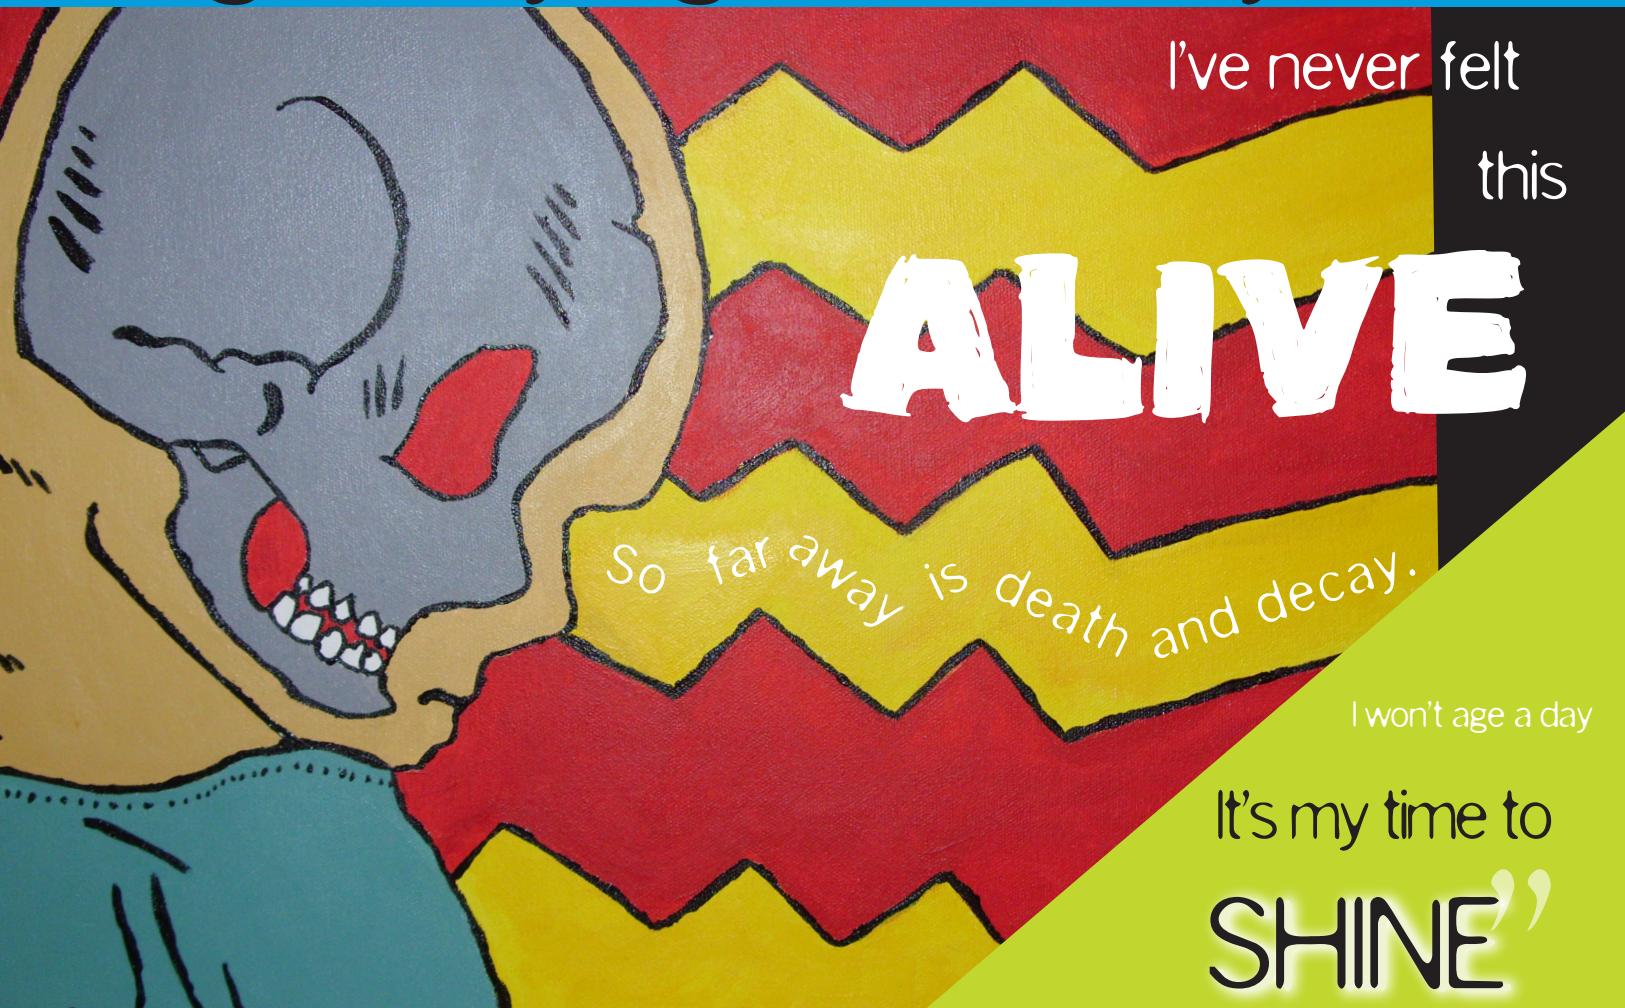

So who's coming with me?
I wanna change the world with our actions.

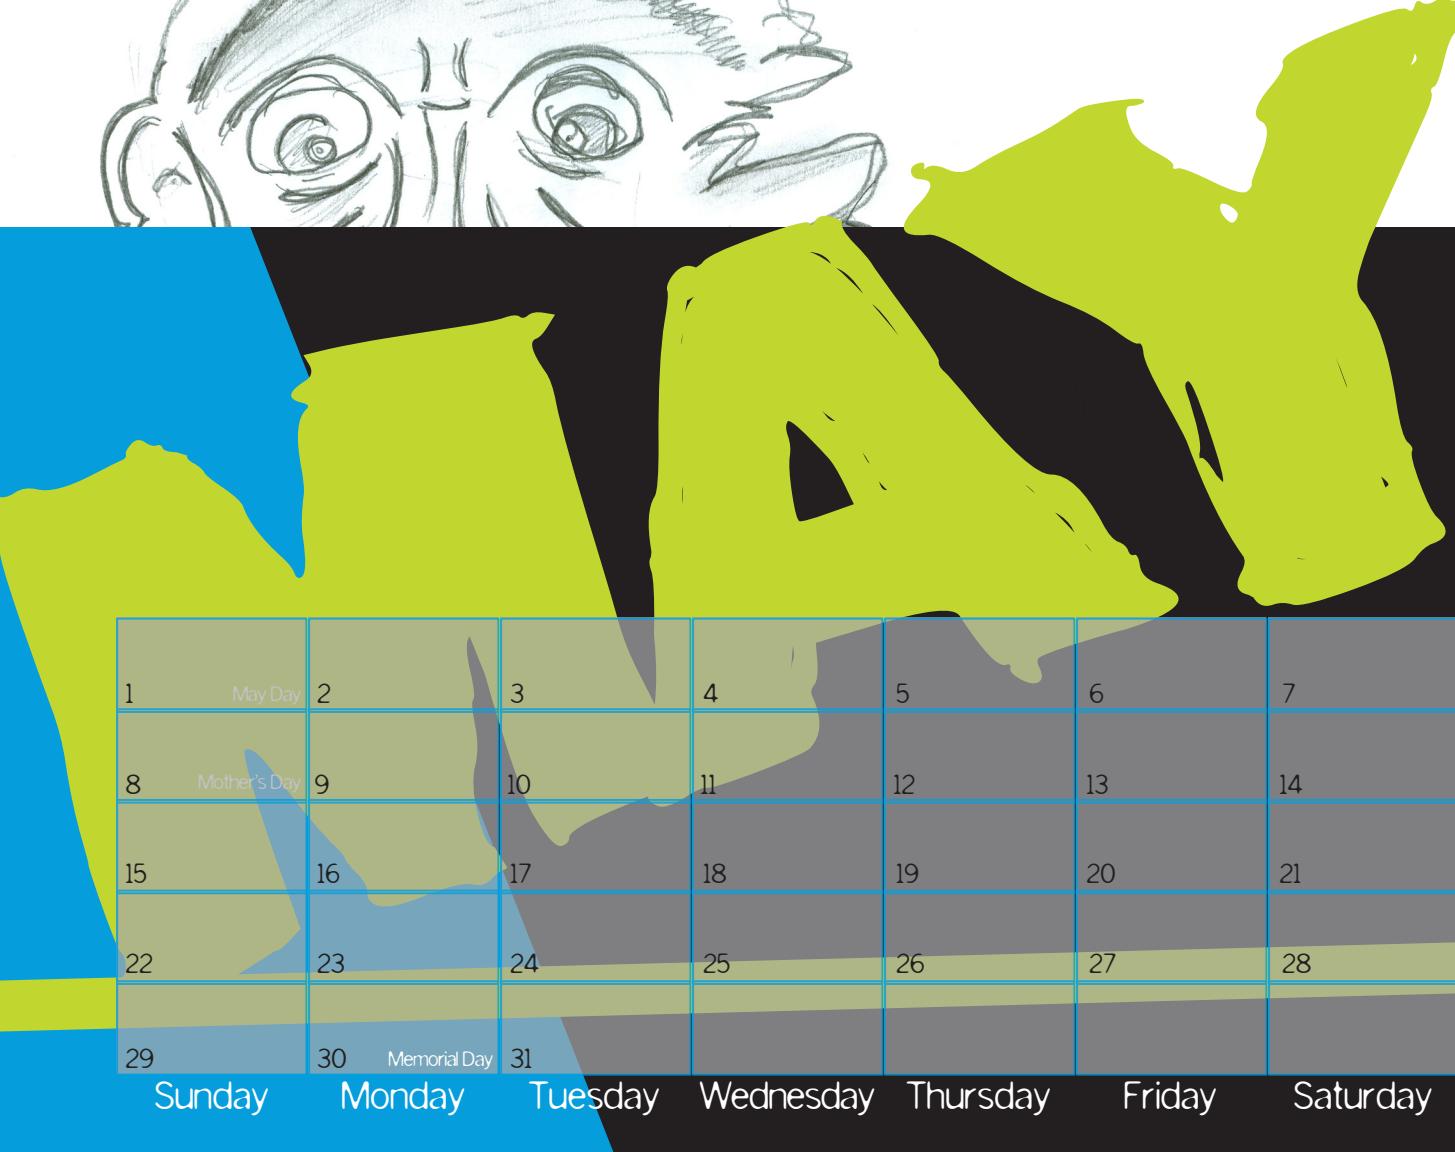

So who's coming with me?

You have no **heart** anything in this world,
No **passion** for anything on this earth,

This is my destiny,
and you'll never take it away
from me.

"Tonight's my night. Unlike any others.

We're at
the bottom,
We're barely breathing.
Last in line,
But we're not
Took the chance,
Missed the mark.
The road ahead
Is looking **dark**."

I MADE THE COMMITMENT TO LIVE THE PUREST WAY.

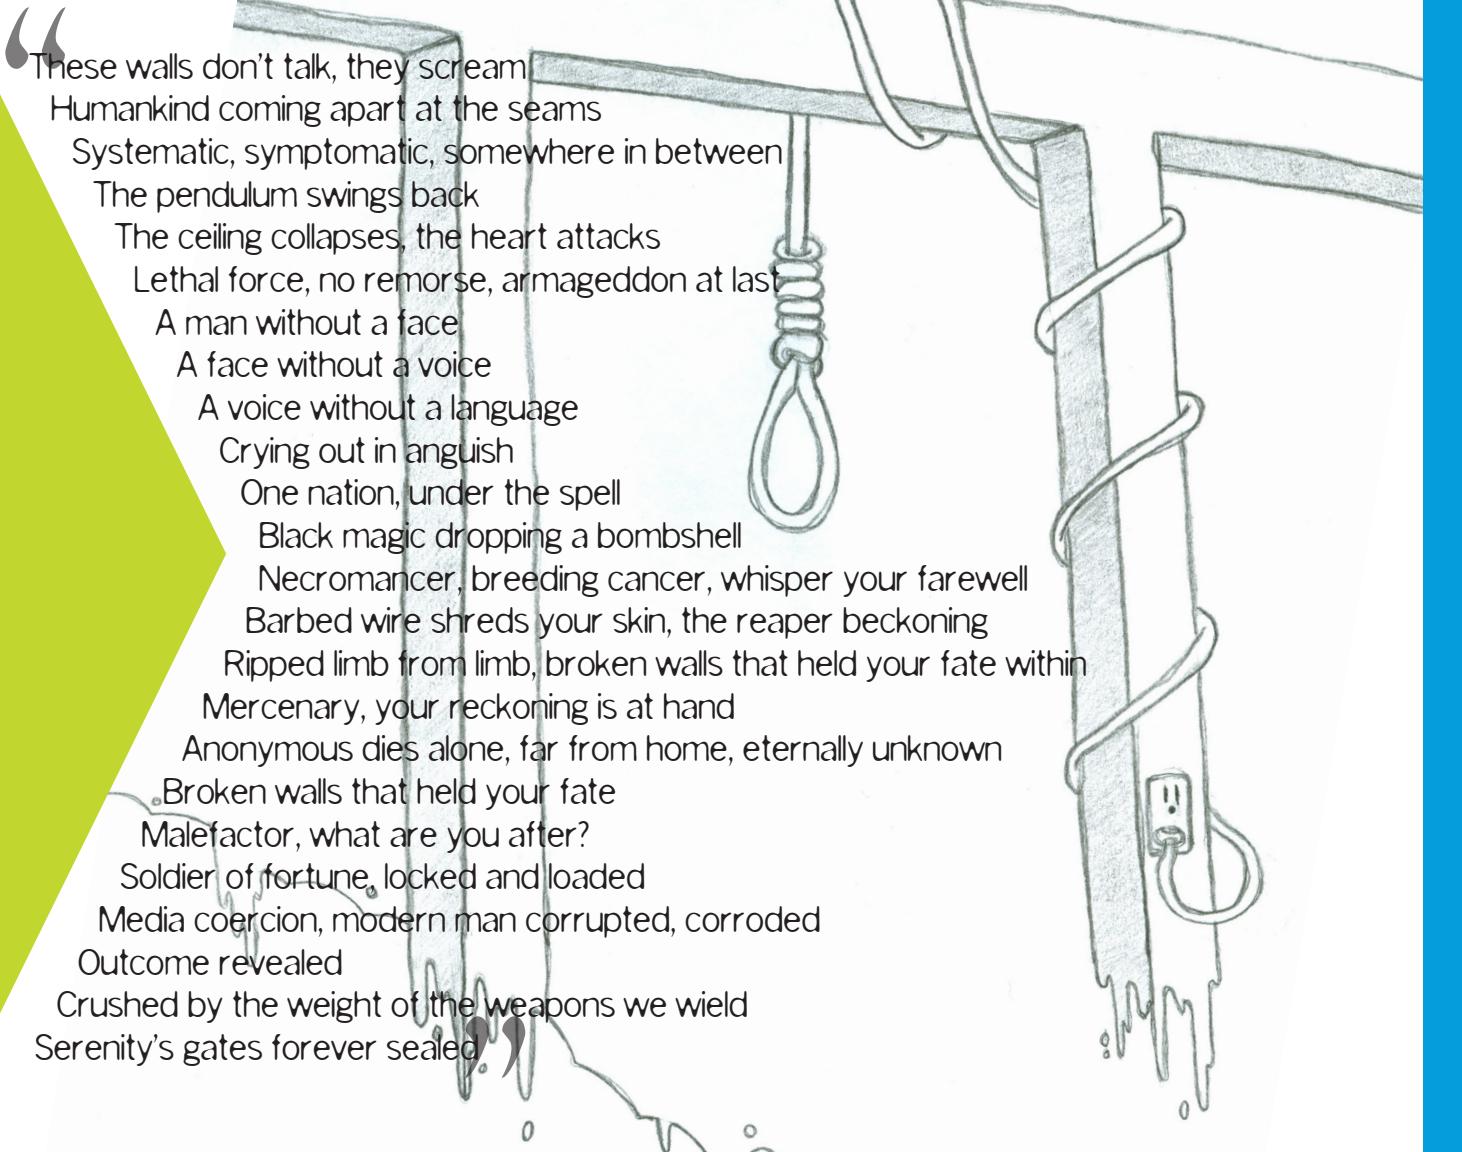

I mark X's on my hands. I'll take them to the grave.

A promise I made to myself.

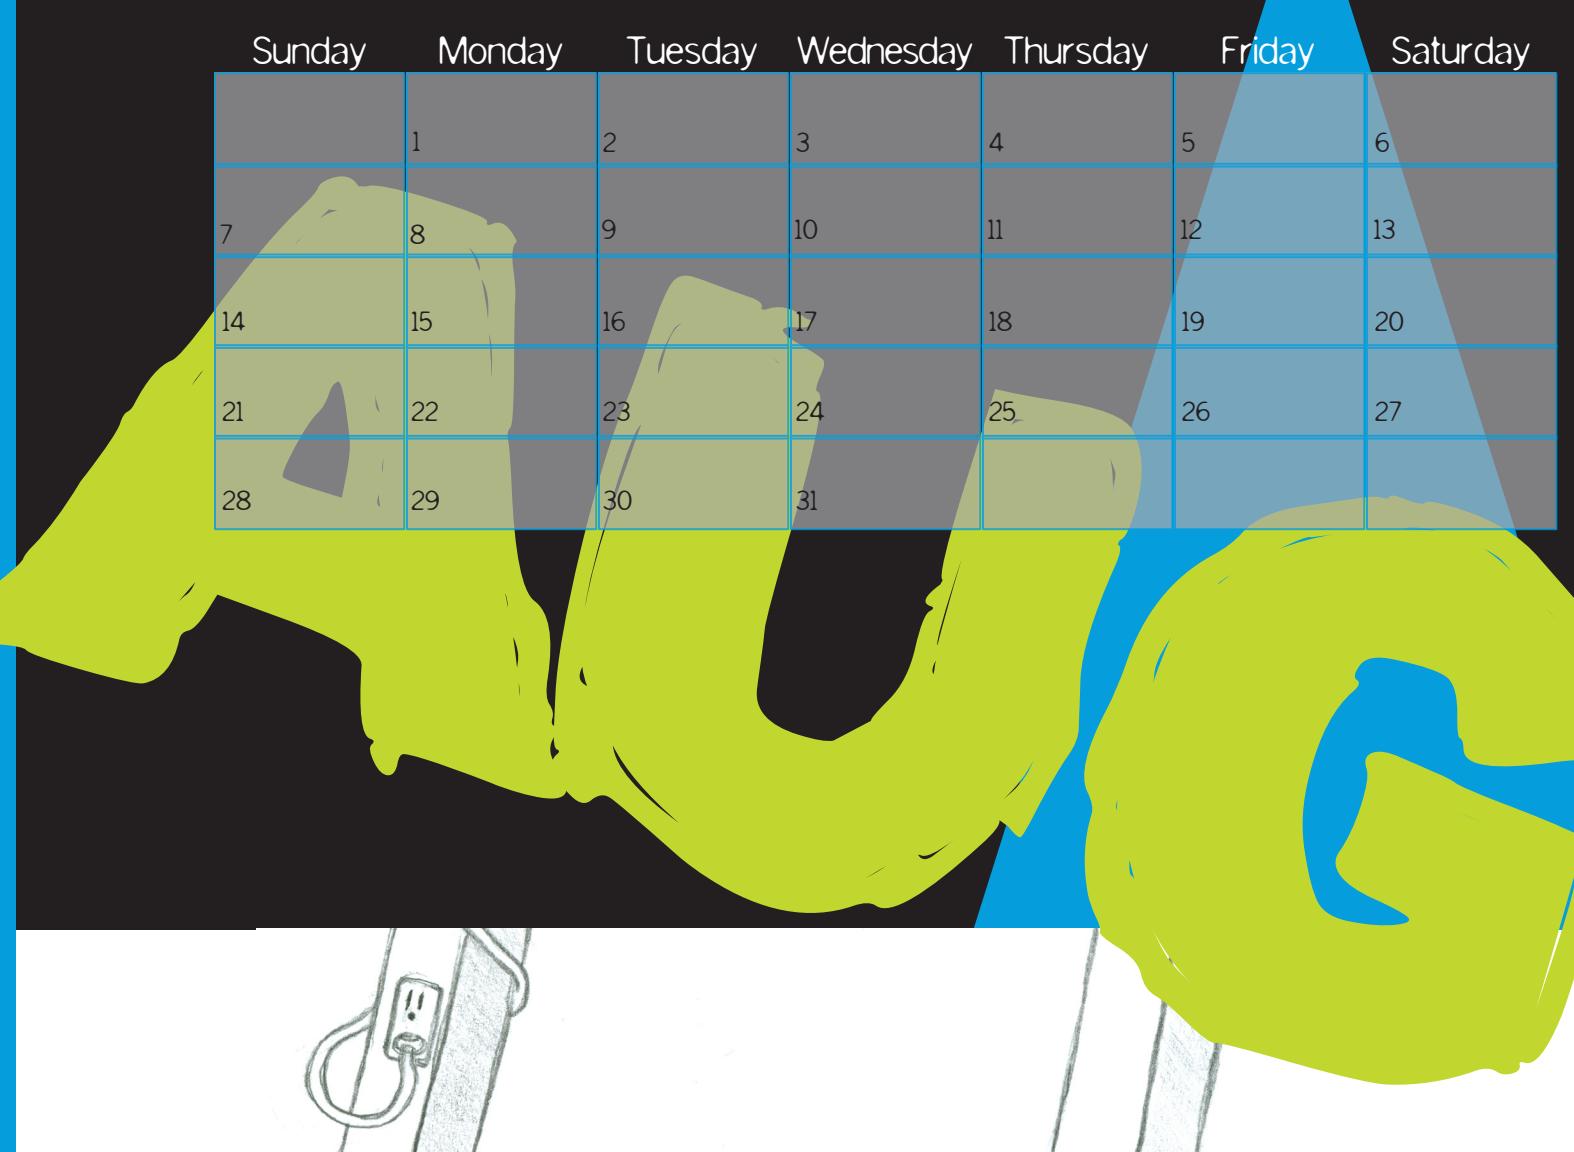

I HOLD STRONG LIKE NO ONE ELSE!

These walls don't talk, they scream
Humankind coming apart at the seams
Systematic, symptomatic, somewhere in between
The pendulum swings back
The ceiling collapses, the heart attacks
Lethal force, no remorse, armageddon at last
A man without a face
A face without a voice
A voice without a language
Crying out in anguish
One nation, under the spell
Black magic dropping a bombshell
Necromancer, breeding cancer, whisper your farewell
Barbed wire shreds your skin, the reaper beckoning
Ripped limb from limb, broken walls that held your fate within
Mercenary, your reckoning is at hand
Anonymous dies alone, far from home, eternally unknown
Broken walls that held your fate
Malefactor, what are you after?
Soldier of fortune, locked and loaded
Media coercion, modern man corrupted, corroded
Outcome revealed
Crushed by the weight of the weapons we wield
Serenity's gates forever sealed

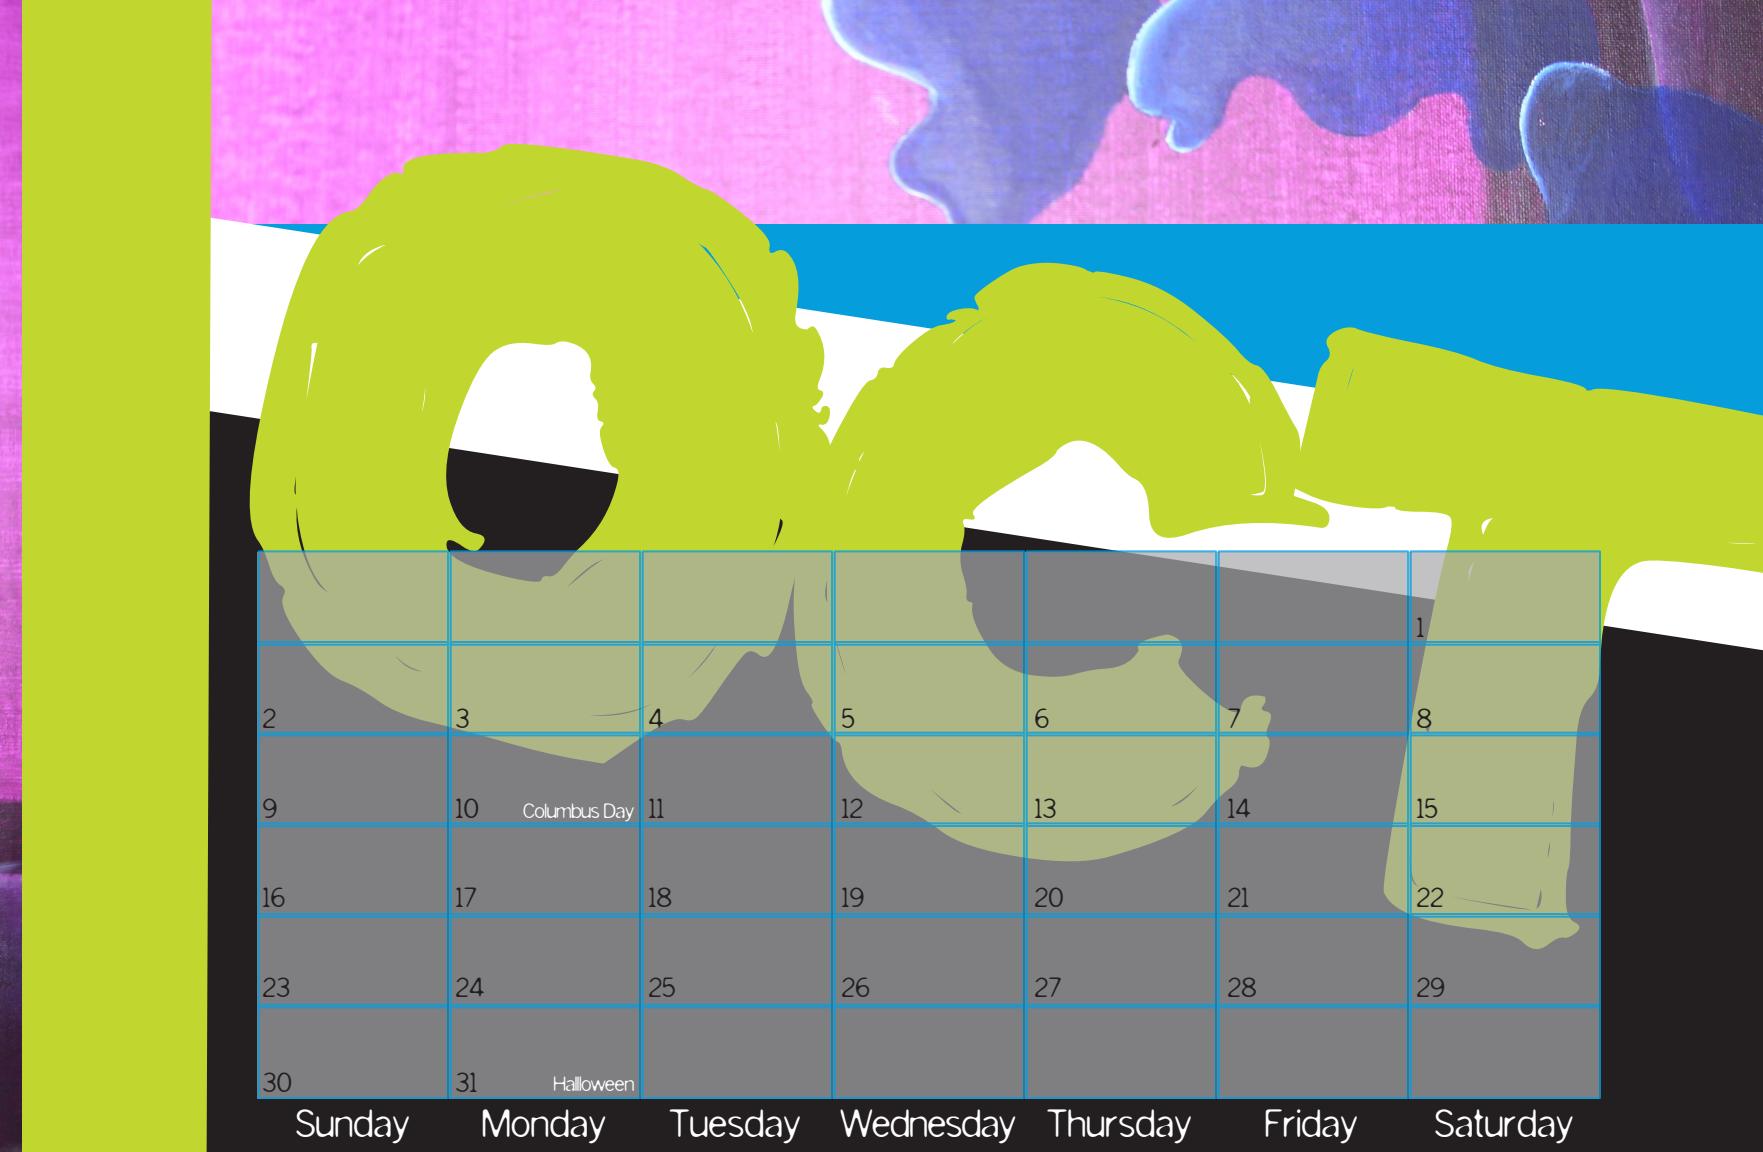

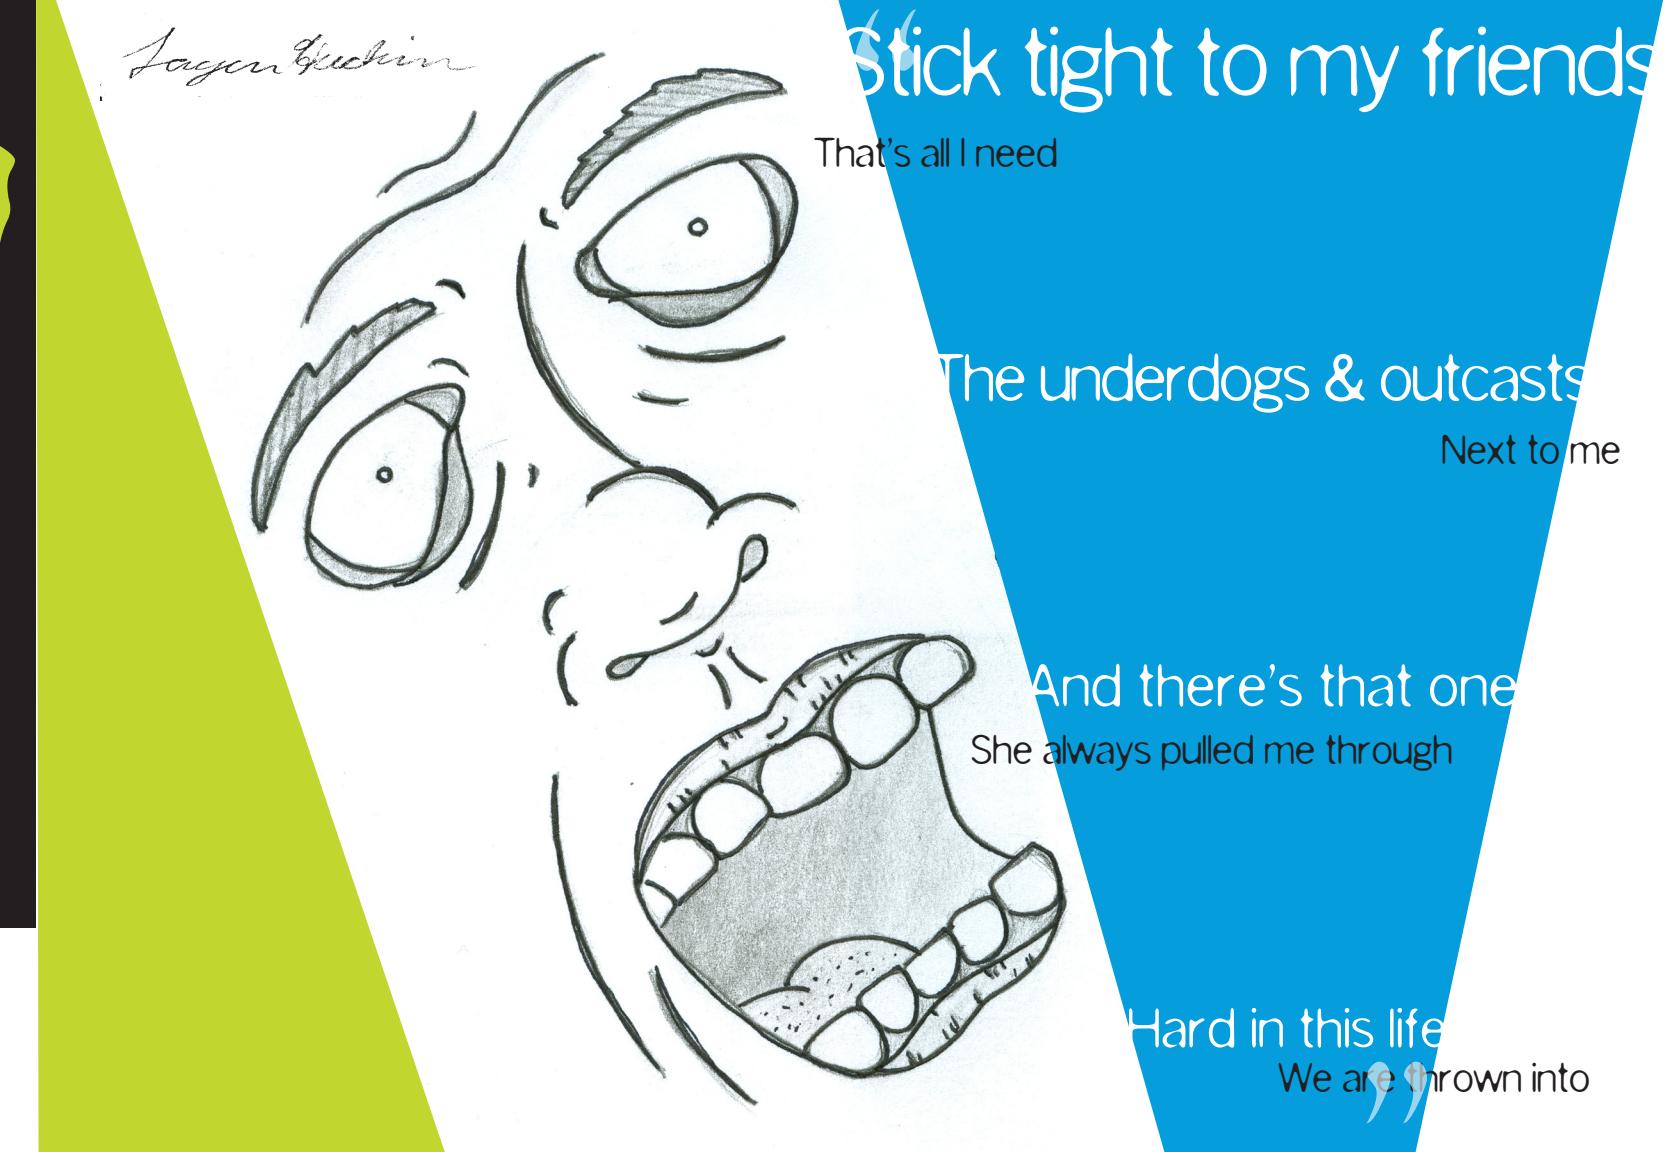

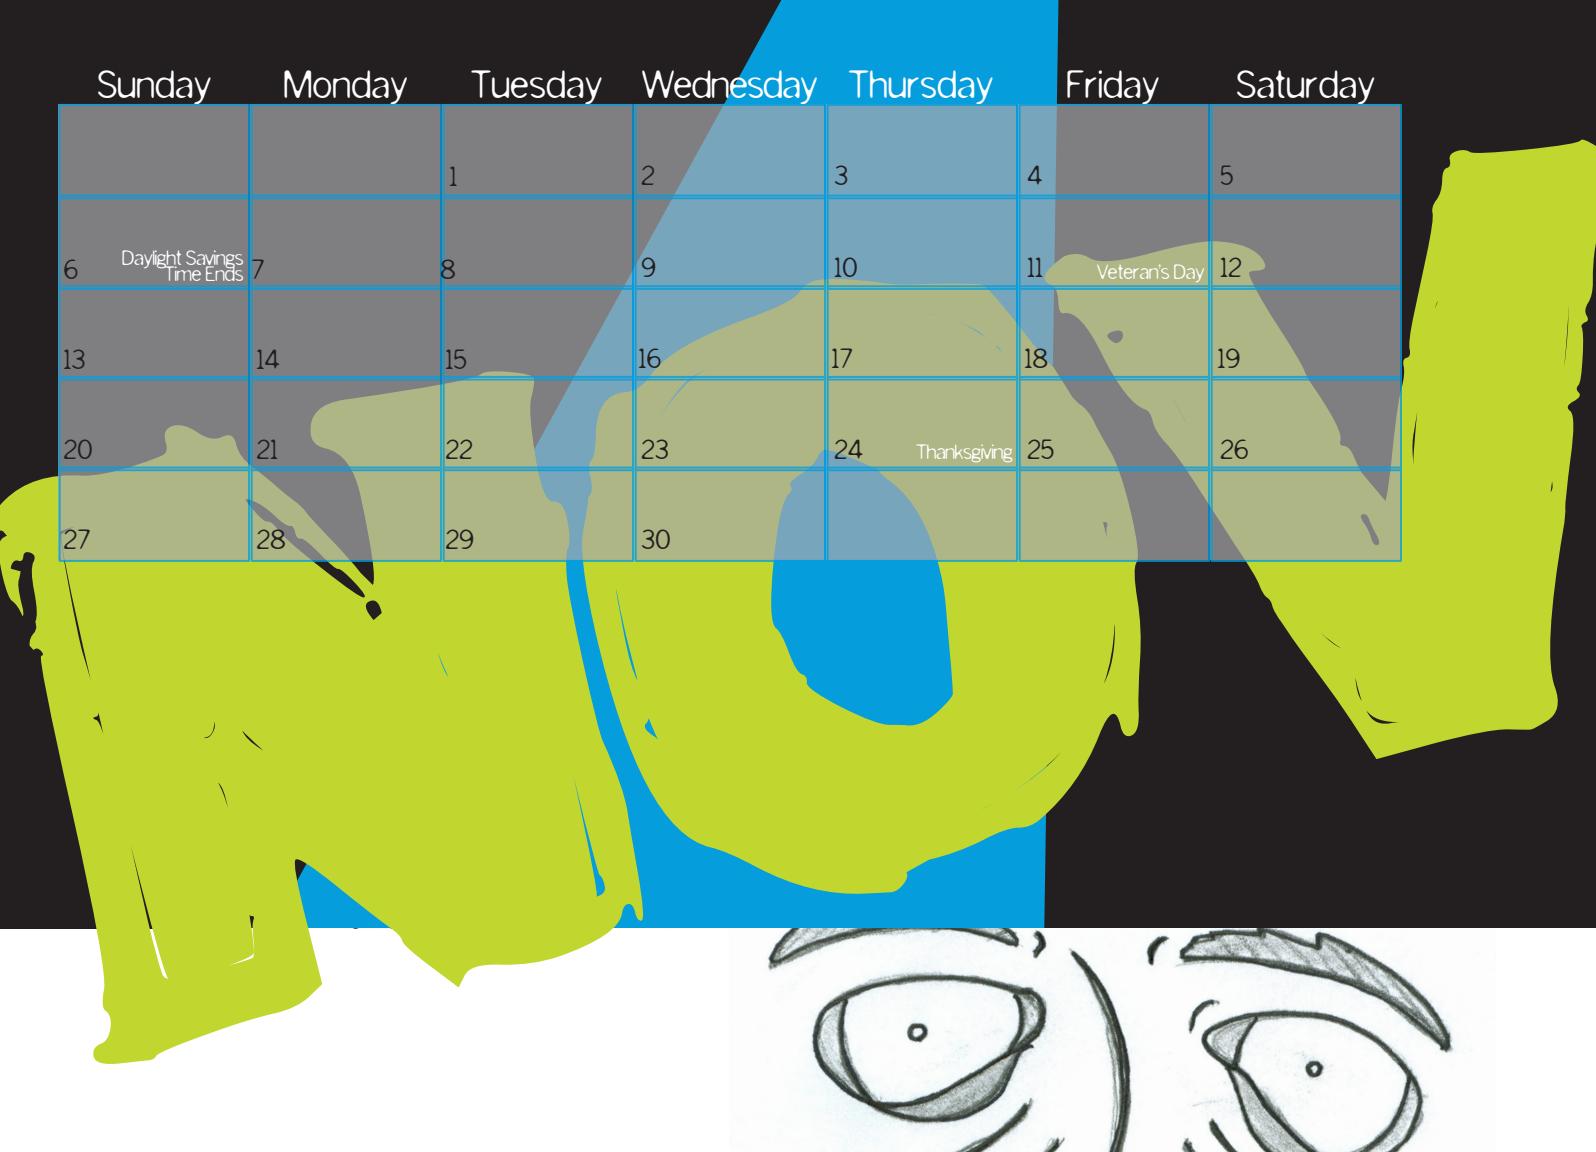

“This is **MORE** than a pulse beneath my wrist or a beat beneath my ribs.
This
is
something
that
CAN'T
be
given
away.”

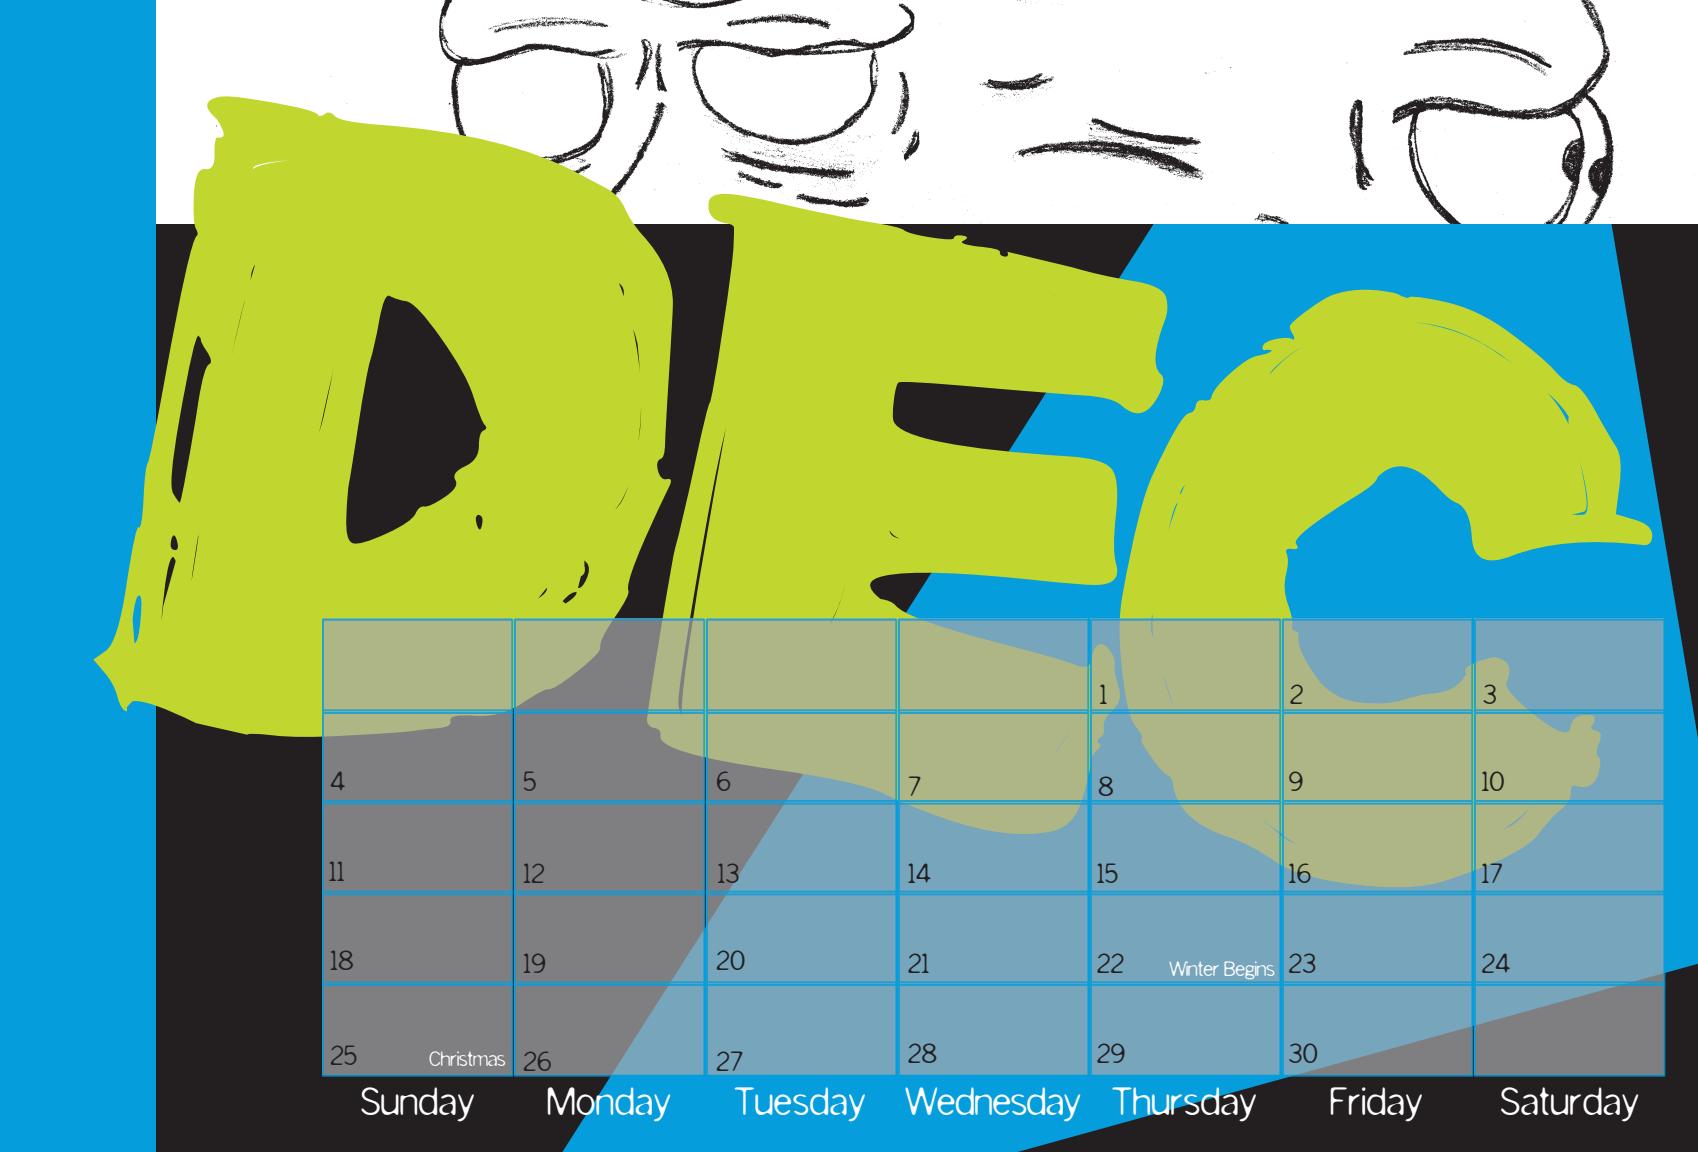

“Look in my eyes
and what do you see?
That's right, you don't know me.
Neither do my friends, work, or family.
Strange enough, that's how I'd rather be.
Each day more alone and unknown makes most sense to me.”
